On December 1, 1920, List No. 32, for State Claims Nos. 456 and 457, for a net sum of \$7280.80, was signed by Regents Pratt, North, Hood and Curler. These two claims were for Contractor Bernasconi and the Reno Plumbing and Heating Company for work on the Mining Experiment Station building. The State Architect neglected to get these claims to the Comptroller in time for regular action of the Executive Committee on November 30th, so Mr. Gorman personally took them to the individual Regents and had the claims signed.
