

# **Meeting the Mission**

Incorporated in 1981, the University of Nevada, Reno Foundation (Foundation) was established to raise and manage funds that support the academic and administrative programs of the University of Nevada, Reno while respecting the philanthropic intentions of its thousands of donors.

The University of Nevada, Reno enrollment continues to grow as the campus is filled with a record number of students this academic year. In fall 2014, the University welcomed 19,954 undergraduate and graduate students to campus. This reflected a 6.2% increase over the fall 2013 enrollment of 18,776 students. The University also designated 264 Presidential Scholars, up from fall 2013; and it boasts a total of 49 National Merit Scholars on campus. The freshman retention rate of 82% confirms this upward trend showing an increase of 2% over last year's projected rate of 80%. In addition, students are continuing to embrace a culture of completion with 9.5% increase in full-time equivalent students indicating more students are taking 15 or more credits a semester that keeps them on track to graduate in four years. Finally, this fall brings the most diverse student body to campus with more than 14% of the University's students belonging to an underrepresented class.

As enrollment continues an upward trend, the University is working diligently to meet the demands of a growing student body. Opening this fall was Ponderosa Village, a 132-unit

Wiegand Fitness Center will be for all students and members of the campus community, designed to promote the development of our students' minds, bodies and spirits. The William N. housing community for graduate students and their families. Currently under construction is the sustainably designed Peavine Hall, which will provide suite-style housing for 400 undergraduate students and is scheduled to open next fall. Also scheduled to open in 2015, the William N. Pennington Student Achievement Center is taking shape at the site of the former Getchell Library, and its 78,000 square feet will bring together under one roof vital student success and support services like the Writing Center, Math Center, Tutoring Center, Career Services, Advising Center, Student Veterans Affairs, Disabilities Resource Center, Counseling Services and Trio and McNair Scholars.

Another recently completed renovation project was titled Act 1, making improvements to the Church Fine Arts building and providing a boost to the arts and culture on campus and in the community. The Earthquake Engineering Laboratory also opened in March of this year and is the largest and most versatile structural engineering experimental facility in the United States. Next, we turn our construction sites to the 100,000 square-foot E. L. Wiegand Fitness Center, which is scheduled for completion in 2017.

As a final note, the University of Nevada, Reno was again ranked in the top tier of "best national universities" in the annual college rankings issued by U.S. News and World Report. The University ranks 110 in the "top public schools" category, and the College of Engineering and the College of Business are again ranked among the "best colleges" in the survey of undergraduate programs. Finally, the University ranks 47 among schools with "least debt." Schools in the "best national universities" category offer a full range of undergraduate, masters, and doctoral degrees and are committed to producing groundbreaking research.

GG&A endorsed a \$500 million campaign for the Foundation and University. The Foundation Board voted unanimously at its September meeting to endorse a comprehensive campaign starting on July 1, 2013 and running through June 30, 2020 with a goal of \$500 million. Gift accounting for the campaign will be governed by Board of Regents action taken in June 2005 establishing campaign accounting standards.
