

BOARD OF REGENTS  
BRIEFING PAPER

**1. Agenda Item Title: Handbook and Procedures & Guidelines  
Manual Revisions, Student Fees  
Meeting Date: December 3- 4, 2015**

**2. BACKGROUND & POLICY CONTEXT OF ISSUE:**

**P&G Chapter 7, Section 10 (Student Fees) and Section 11 (Special Course Fees)** - The Board of Regents approves registration fees and tuition, student fees and special course fees per Board policy. The Board of Regents *Handbook* at Title 4, Chapter 17, Section 21, sets the conditions under which student fees may be assessed. The language of this section of the *Handbook* also requires that mandatory fees shall be reviewed and approved by the Board of Regents.

Similarly, the Board of Regents *Handbook* at Title 4, Chapter 17, Section 22, sets the conditions under which special course fees may be assessed. This section of the *Handbook* requires Board approval for all special course fees greater than \$50.00 per course and specifies the activities to which these fees apply.

Each of the proposed changes in student fees and in special course fees has been thoroughly considered at the campus level. In the process of considering changes to the fee structures, students at each of the campuses and at undergraduate and graduate levels as appropriate, have been involved in the fee committee deliberations.

As in prior years, Attachment A contains an Executive Summary of the proposed changes in student fees. The current full list of the Board approved Student Fees, including proposed changes, is also attached (Attachment B).

The proposed changes in student fees that have been submitted by the campuses are also presented in a format that includes information about the number of students affected by the proposed changes as well as information about the proposed changes in revenues associated with the proposed fee changes. The attached spreadsheets contain this information regarding proposed changes in student fees, proposed changes in special course fees, and proposed changes in Residence Hall and Food Service Rates (Attachment C). Attachment D references Nevada State College's rationale for amending the Student Success Fee.

All fees proposed in the request will be effective in the fall 2016 semester.

**3. SPECIFIC ACTIONS BEING RECOMMENDED OR REQUESTED:**

Vice Chancellor for Finance and Administration Vic Redding requests approval of special fee and student fee changes for NSHE institutions, to be effective fall 2016.

**4. IMPETUS (WHY NOW?):**

To allow for appropriate planning for the upcoming 2016-2017 academic year.

**5. BULLET POINTS TO SUPPORT REQUEST/RECOMMENDATION:**

- These fees have been identified by the institutions as necessary to support programs and/or level of services for these activities. Please see Attachment C for individual fee rational.

**6. POTENTIAL ARGUMENTS AGAINST THE REQUEST/RECOMMENDATION:**

Fee increases may make it more difficult for students to meet financial obligations.

**7. ALTERNATIVE(S) TO WHAT IS BEING REQUESTED/RECOMMENDED:**

To reduce the number of programs and/or level of service and support for campus services.

**8. COMPLIANCE WITH BOARD POLICY:**

- Consistent With Current Board Policy: Title #\_\_\_\_ Chapter #\_\_\_\_ Section #\_\_\_\_
- Amends Current Board Policy: Title #\_\_\_\_ Chapter #\_\_\_\_ Section #\_\_\_\_
- Amends Current Procedures & Guidelines Manual: Chapter #\_7\_\_\_\_ Section #\_10-14\_\_\_\_
- Other:\_\_\_\_\_
- Fiscal Impact: Yes\_X\_\_\_\_ No\_\_\_\_\_

Explain: Special fees represent extraordinary costs associated with specific programs, services or summer registration. Special fee supported budgets that meet the reporting threshold of \$25,000 will be reported in the Self Supporting Budget report.

## **EXECUTIVE SUMMARY OF FEE INCREASES**

The following is a list of proposed fee increases:

### **Section 9. Student Fees**

#### **UNR**

- BS-MD and Post Baccalaureate Program Application Fee; \$35. New fee to assist in the increased number of applications, the time devoted and costs associated with applications.
- Increase the MD Admissions Secondary Application Fee from \$45 to \$75 due to significantly increased student demand for services; will assist in providing additional professional staff to enable success to quality treatment (last fee increase was in 2007).

#### **NSC**

- Increase the Student Success Fee from \$5/credit to \$8.75/credit. The increase will allow the campus to expand successful academic support programs and establish new initiatives for new and first-year students.

#### **CSN**

- Decrease the Practical Nursing Pre-Entrance Exam Fee from \$35 to \$10. CSN is no longer using a third party vendor to administer the exams; students pay proctor fee only.
- New Fee: Nursing Pre-entrance Exam; \$10 for proctoring exam fee.
- Increase Special Examination Fee (Pass-Through) from \$25-\$255 to \$25-\$300. The fee increase will accommodate new exam fee for one-semester Medic to LPN track.

#### **TMCC**

- Increase Application Fee from \$10 to \$20. The fee increase will help finance new Customer Relationship Software (CRM) that will enhance the application process, communication and retention efforts, student success and completion.
- New Fee: Identification Card Fee; \$2. One-time fee paid by new students during their first term at TMCC. The fee will help to fund the replacement of the aging legacy student ID system currently in use at TMCC as well as annual software license fees and supply costs.

# **EXECUTIVE SUMMARY OF FEE INCREASES**

## **Section 10. Special Course Fees**

It is the policy of the Board of Regents that the registration fee be the only fee assessed for taking a course except as outlined in this section. The reasons for these exceptions are extraordinary instruction costs due to: (a) individual instruction (e.g., private music lessons), (b) class supplies, course-specific software, and specialized equipment (e.g., welding equipment and materials), (c) third party charges for use of a facility (e.g., golf), (d) special transportation requirements, or (e) extraordinary instructional costs (e.g., intensive supervision, support or additional technical expertise required for the delivery of the course), (f) some combination of these reasons. Responsibility for implementing this policy is delegated to the presidents up to a maximum of \$50.00 per course. Courses requiring fees higher than \$50.00 require Board of Regents approval and are as follows:

### **UNR**

New course fee:

- ACE 110 First Year Experience (NevadaFit Sections); \$250/course

B. INTERNATIONAL STUDENT FEE

The recruitment, admission and advising of international students represents a tremendous cost to the University of Nevada, Reno, and University of Nevada, Las Vegas. The logistical and administrative burdens of international students on the university are complex and expensive. Increased costs of international mailing, phone, facsimile, recruitment, specialized printing, translations and highly trained personnel forces the university to make difficult budgetary choices. These choices often leave international students short of receiving the proper levels of attention.

Because of the limited resources of the Admissions and International Student Office, the need for funding aimed directly at the international students is essential. These funds will be directly used to support programs pertaining to international students. Additionally, it is not proper to use funds dedicated to benefit university student as a whole, to support activities that benefit only international students.

International students will pay a semester International Student Fee. The revenue from this fee will be used to sustain enrollment functions in the Admissions, Graduate, and International Student offices, supporting only international students.

<u>Distribution of Revenue</u>	<u>Amount</u>
UNR	
Admissions Office	\$12.50 per student per semester
Graduate School	\$12.50 per student per semester
International Students and Scholars	<u>\$120.00 per student per semester</u> \$145.00 per student per semester
UNLV	
Admissions Office	\$12.50 per student per semester
Graduate School	\$12.50 per student per semester
International Students and Scholars	<u>\$120.00 per student per semester</u> \$145.00 per student per semester
CSN	\$50.00 per student per semester
TMCC	\$50.00 per student per semester

C. STUDENT LIFE FACILITIES FEE, UNLV

The following fee shall support the planning, construction, and operations of a new student recreation center and a renovation and expansion of the Moyer Student Union. All students have access to the Moyer Student Union. Students required to pay the fee will have full access to the recreation center; students taking three or fewer credits during fall or spring will be required to pay a user fee in order to use the Student Recreation Center; this fee will be 125% of the fee charged those student taking more than three credits.

Fall and Spring Semester

All students taking more than three credits will be charged the following fee per semester:  
Effective Fall Semester, 2006 \$173.00

Summer Terms

Effective summer, 2006

### NOTES:

- CSN (domestic), GBC, TMCC, WNC students have available health services on a voluntary basis through a third party entity. These institutions facilitate the availability of student health services; however, students who contract for these services pay the third party entity directly.
- CSN International Students purchase mandatory health coverage through a third party entity designated by CSN. Proof of equivalent coverage will be accepted on a limited basis. No fees are paid to CSN.
- Amounts represent total charges and include insurance premium, ACA taxes and fees, broker commission and fees, and institution fees.
- Some NSHE Allied Health and Nursing programs require students provide evidence of coverage. The coverages indicated above may be used to satisfy this programmatic requirement.

### H. LATE FEES

- a. Late Registration Fee: A late registration fee of up to \$50 per course may be assessed to students who don't meet the course registration deadline. Late registration fee exceptions may be granted by the institution when registration was delayed due to circumstances beyond the student's control.
- b. Late Payment Fee: A late payment fee of up to \$25 may be assessed for payments received after the payment deadline. An additional fee of up to \$25 may be assessed daily after the payment deadline up to \$250 for past due balances greater than \$100.

---

<sup>1</sup> Mandatory Coverage definition: when coverage is indicated as mandatory, the student must purchase the coverage or provide proof of equivalent coverage.

## Section 11. Special Course Fees

It is the policy of the Board of Regents that the registration fee be the only fee assessed for taking a course except as outlined in this section. The reasons for these exceptions are extraordinary instruction costs due to: (a) individual instruction (e.g., private music lessons), (b) class supplies, course-specific software, and specialized equipment (e.g., welding equipment and materials), (c) third party charges for use of a facility (e.g., golf), (d) special transportation requirements, or (e) extraordinary instructional costs (e.g., intensive supervision, support or additional technical expertise required for the delivery of the course), (f) some combination of these reasons. Responsibility for implementing this policy is delegated to the presidents up to a maximum of \$50.00 per course. Courses requiring fees higher than \$50.00 require Board of Regents approval and are as follows (institutions may charge up to the amount approved):

## Special Fees: Student Fees

Institution	Fee Name	Type of Fee (eg: orientation, late registration, etc)	Fee Status - new, revised or continuing	Current Fee Amount	Proposed Fee Amount	Narrative/ Rationale	Annual Number of students impacted	Anticipated Annual Revenue
University of Nevada, Reno	BS-MD and Post Baccalaureate Program Application Fee	Application Fee	New	\$0	\$35	The school has experienced an increase in the number of applications and the time devoted and costs associated with these applications. The application fee will help defray the costs of accepting, processing, and reviewing applicants' supplemental applications for the BS-MD Accelerated Program and Post Baccalaureate Program.	65	\$ 2,275
University of Nevada, Reno	MD Admissions Secondary Application Fee	Application Fee	*Revised	\$45	\$75	This fee increase will support the UNSOM applicant <i>Second Look Program</i> , which is designed for applicants with multiple medical school acceptances, as well as help defray the costs of enhanced recruitment. This increase will bring the UNSOM fee in line with other western medical school secondary application fees. *This fee is not currently listed in the Board of Regents Handbook. However, UNSOM has provided evidence that the fee has existed for many years, having been implemented as early as the 1970s. The fee has been at the current level since approximately 1997.	350	An additional \$10,500 or total of \$26,250
Nevada State College	Student Success Fee	Student success fee	Revised	\$5.00/cr.	\$8.75/cr.	Our current fee generates \$378,500 that established career services on campus, expanded academic advising, and established a tutoring and peer mentoring program that has led to gains in student retention and academic performance. The funds availed by the increase will allow the campus to expand these successful programs and establish new initiatives that would increase contact between full-time faculty & students in the first year of study (expanded program), provide extensive peer support and academic guidance to new students (expanded program), and bolster college preparation and self-efficacy through pre-enrollment workshops and peer mentoring (new program).	3,400	Increase of \$278,138, totaling \$648,988

## Student Success Fee Rationale | Scorpion Strives Initiative

Based on the potential benefits to our student population and the college as a whole, we are proposing to increase the NSC student success fee from \$5/credit to \$8.75/credit. Though we are reluctant to increase the financial burden faced by our students in a substantive way, institutional data suggest that a relatively small expense for *individual students* can yield critical benefits for the *collective good*, particularly among at-risk, underrepresented and first-generation NSC students. Even with the increase, the overall tuition and fees paid by NSC students would still be roughly \$900 cheaper than the fees paid by students at UNLV and UNR for a 15-credit semester.

The funds generated by the increase fee would help us establish a new “**Scorpion Strives**” program. The initiative is driven by institutional data – including a successful pilot program at NSC – and findings on student success from the literature. The program expands upon a recent NSC program that has increased student retention, academic performance (as measured by GPA and academic standing) and student satisfaction with the college experience. The increased funds would:

- Increase contact between full-time faculty & students
- Provide extensive peer mentorship and academic guidance to first and second year students
- Bolster college preparation and self-efficacy
- Create a total of 25 new student employment positions on campus

**INCREASED FACULTY-STUDENT CONTACT** – Two full-time lecturers will be hired to cover approximately 16 sections of high enrollment, high failure courses each year. Aside from expected enhancements to the quality and consistency of the curriculum, the additional lecturers would increase the amount of interaction between students and full-time faculty. This type of interaction – both in and out of the classroom – is positively associated with student learning and success (see Kuh et al., 2006, for a review).

COST:      2 FT Lecturers   x   \$58,120   =   \$116,240

**PEER MENTORSHIP & ACADEMIC GUIDANCE** – We will expand our successful “course assistant” program to provide robust support to a greater number of NSC students in more subject areas. NSC’s course assistants are successful, highly-engaged students who are assigned to challenging courses and act as a peer mentor, supplemental instruction leader, and in-class tutor. Though it has only been existence for a year, the course assistant program has led to meaningful gains in student success and satisfaction, and the demand for course assistants has propelled increases in the number of course assistants employed by the College, from 10 in fall 2014 to 15 in fall 2015. Fall 2014 freshmen students who worked with a course assistant in at least one course, relative to matched controls, have exhibited:

- A 6% increase in retention
- A nearly half-point increase in *cumulative GPA* in the first year of study (3.00 vs. 2.53)
- A 14% higher academic good standing rate
- High levels of satisfaction with the program (**see the attached survey data**)

The funds created by the increased fee would allow us to place more course assistants in wider array of critical gateway courses.

COST:      25 Course Assistants   x   \$5,985   =   \$149,625

**COLLEGE PREPARATION & SELF EFFICACY (“NSC SMART START”)** – A pre-enrollment program, known as *NSC Smart Start*, will aim to enhance college readiness and self-efficacy among first-time students. The initiative will:

- Engage students in a two-day workshop that addresses critical components of college success, including an awareness of support resources<sup>1</sup>, social belonging at the institution (e.g., Stevenson et al, 2014), and academic mindset (Dweck, 2007).
- Assign each student to a peer mentor (in addition to an academic advisor) who will introduce them to the campus and provides guidance and support during the summer term.

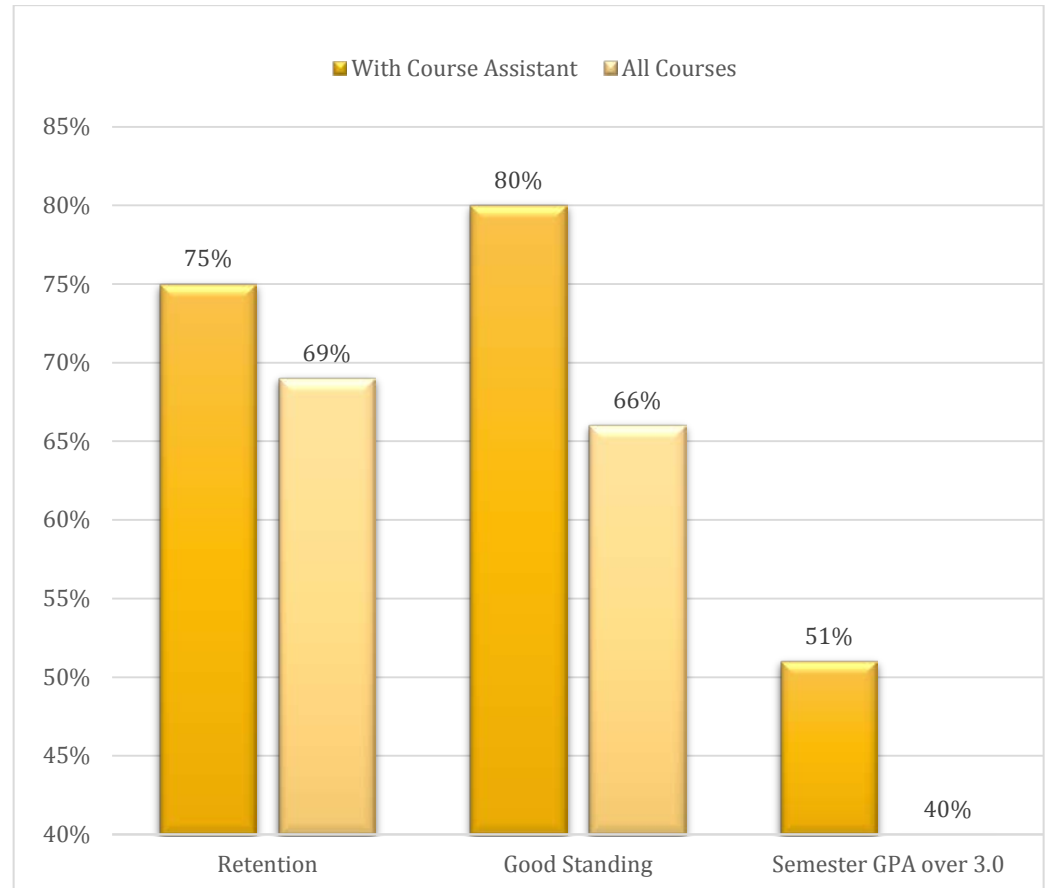

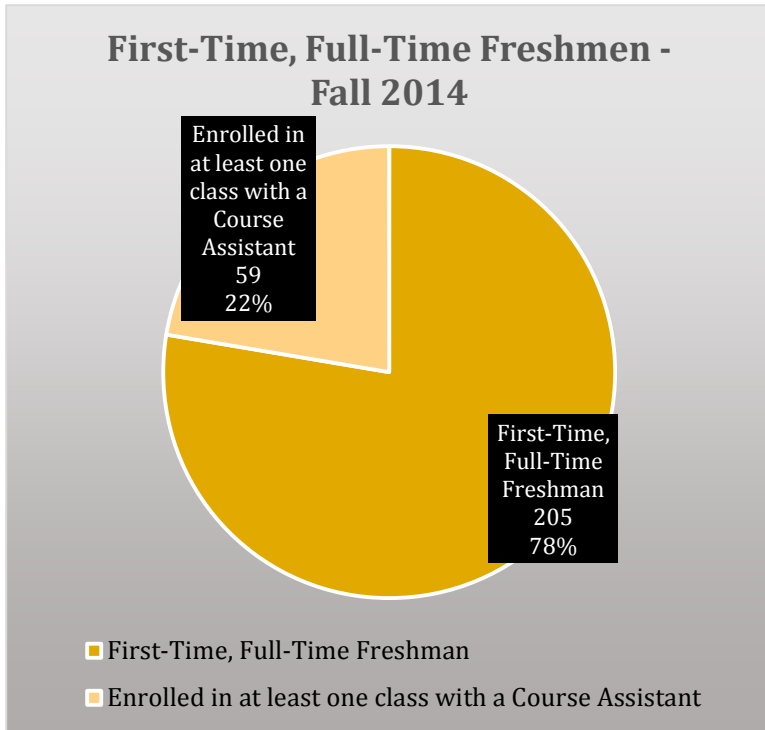

COST:	8 Faculty Stipends	x	\$1,000	=	\$8,000
	Operations	x	\$5,000	=	\$5,000

**TOTAL COST = \$278,865**

---

<sup>1</sup> For example, students would be informed of the benefits of advising and tutoring, which are both positively correlated with increased retention, even when controlling for HS GPA.

# COURSE ASSISTANT SUCCESS RATES

*If you look at freshmen from fall 2014 (not just first-timers), those who worked with a CA in at least one course have a significantly higher cumulative GPA than matched students who did not work with a CA.*

# Course Assistant Survey Results

**Fall 2014**

*Overall Results (all courses)*

Question	Mean	Mode <sup>2</sup>	Sample Size
To what extent have you worked with the course assistant so far this semester? (1 = none; 4 = a lot)	<b>3.01</b>	4.00	158
How much the does the course assistant help your learning? (1 = no help; 4 = great help)	<b>3.63</b>	4.00	150
How much does the course assistant increase your confidence that you can succeed in this course? (1 = none; 4 = a lot)	<b>3.49</b>	4.00	158
How much does 1-on-1 tutoring help your learning? (1 = no help; 4 = great help)	<b>3.63</b>	4.00	97
How much has the supplemental instruction helped your learning? (1 = no help; 4 = great help)	<b>3.54</b>	4.00	31
How much has the course assistant helped improve your study skills? (1 = no help; 4 = great help)	<b>3.35</b>	4.00	132
How strongly would you recommend course assistants for other courses? (1 = not at all; 5 = very strongly)	<b>4.33</b>	5.00	158

*Note: We only have survey data regarding the course assistants from the fall 2014 semester (we did not administer the survey in the spring because we had a number of surveys to administer and limited in-class time to do it)*

<sup>2</sup> Note: The “mode” refers to the most common score in this sample.
