

BOARD OF REGENTS
BRIEFING PAPER

1. AGENDA ITEM TITLE: Handbook and Procedures & Guidelines Manual Revisions, Student Fees

MEETING DATE: December 1-2, 2016

2. BACKGROUND & POLICY CONTEXT OF ISSUE:

P&G Chapter 7, Section 11 (Student Fees) and Section 12 (Special Course Fees) – The Board of Regents approves Registration Fees and Tuition, Student Fees and Special Course Fees per Board policy. The Board of Regents *Handbook* at Title 4, Chapter 17, Section 21, sets the conditions under which student fees may be assessed. The language of this section of the *Handbook* also requires that mandatory fees shall be reviewed and approved by the Board of Regents.

Similarly, the Board of Regents *Handbook* at Title 4, Chapter 17, Section 22, sets the conditions under which Special Course Fees may be assessed. This section of the *Handbook* requires Board approval for all Special Course Fees greater than \$50.00 per course and specifies the activities to which these fees apply.

Each of the proposed changes in Student Fees and in Special Course Fees has been thoroughly considered at the campus level. In the process of considering changes to the fee structures, students at each of the campuses and at undergraduate and graduate levels as appropriate, have been involved in the fee committee deliberations.

As in prior years, Attachment A contains an Executive Summary of the proposed changes in Student Fees. The current full list of the Board approved Student Fees, including proposed changes is also attached (Attachment B).

The proposed changes in Student Fees that have been submitted by the campuses are also presented in a format that includes information about the number of students affected by the proposed changes as well as information about the proposed changes in revenues associated with the proposed fee changes. The attached spreadsheets contain this information regarding proposed changes in Student Fees, proposed changes in Special Course Fees, and proposed changes in Residence Hall and Food Service Rates (Attachment C).

All fees proposed in the request will be effective the Fall of 2017 semester except the following:

- UNLV: DPT 750, Prosthetics & Orthotics – Requesting effective date of Spring 2017.

3. SPECIFIC ACTIONS BEING RECOMMENDED OR REQUESTED:

Vice Chancellor for Finance Vic Redding requests approval of proposed Procedures and Guidelines Manual revisions addressing special fee and student fee changes for NSHE institutions. These fees include changes to special course fees, residence hall rates at UNR and individual student fees.

4. IMPETUS (WHY NOW?):

To allow for appropriate planning for the upcoming 2017-2018 academic year.

5. BULLET POINTS TO SUPPORT REQUEST/RECOMMENDATION:

- These fees were identified by the institutions as necessary to support programs and/or level of services for these activities. Please see Attachment C for individual fee rationale.

6. POTENTIAL ARGUMENTS AGAINST THE REQUEST/RECOMMENDATION:

Fee increases may make it more difficult for students to meet financial obligations.

7. ALTERNATIVE(S) TO WHAT IS BEING REQUESTED/RECOMMENDED:

To reduce the number of programs and/or level of service and support for campus services.

8. COMPLIANCE WITH BOARD POLICY:

X Consistent With Current Board Policy: **Title #4, Chapter #17, Sections #21, 22 and 24**

Amends Current Board Policy: Title #_____ Chapter #_____ Section #_____

X Amends Current Procedures & Guidelines Manual: Chapter #7 Section #11, 12 and 14

Other:_____

X Fiscal Impact: Yes X No _____

Explain: Special fees represent extraordinary costs associated with specific programs, services or summer registration. Special fee supported budgets that meet the reporting threshold of \$25,000 will be reported in the Self Supporting Budget report.

EXECUTIVE SUMMARY OF STUDENT FEES

The following is a list of proposed changes:

Student Fees

UNLV

- Increase Student Association Fee – Graduate from \$5.00/credit to \$5.50/credit in FY18, \$6.00/credit in FY19, \$6.50 in FY20 and \$7.00/credit in FY21.
- Increase Student Support Activities Fee (Athletics Fee) – Undergraduate from \$1.00/credit to \$1.50 in FY18, \$2.00 in FY19, \$2.50 in FY20 and \$3.00 in FY21.
- Increase Student Life Facilities Fee from \$173.00/semester to \$198.00/semester in FY18 and \$223.00/semester in FY19. The \$173.00/semester fee was implemented Fall 2006 with no increase since the facilities opened in 2007.
- Increase Technology Fee – Regular from \$4.00 to \$8.00/credit. The current fee has not changed since it was initiated in 2000.
- New Fee – EMHA Program Fee: This \$150.00/credit fee will enhance the learning experience for students via live seminars with leaders in the field.
- Increase Dental Application Fee from \$50.00 to \$75.00. Expenses related to receiving and processing Dental School student applications.
- New Fee – UNLVSOM Lab Support Fee: This \$2,000.00 annual fee is needed for the leasing and technology support expenses for student tables, virtual anatomy, small group rooms, technological components and learning commons' resources.
- New Fee – UNLVSOM Student Research Project Fee: This \$500.00 annual fee is needed for the required research experience that is part of the curriculum.
- New Fee – UNLVSOM NBME Exam Fee: This \$640.00 fee covers the expense for the National Board of Medical Examiners (NBME) Customized Assessment Service's exams needed for the student's summative assessment.
- New Fee – UNLVSOM USMLE Board Exam Preparation Fee: This \$468.00 fee is needed for the students' subscription to the U.S. Medical Licensing Examination (USMLE) Board preparation materials for the Step 1 and Step 2 Clinical Knowledge (CK) & Clinical Skills (CS) licensing exams.
- New Fee – UNLVSOM Simulation Lab Fee: This \$1,500.00 annual fee for three years is needed to cover the costs for UNLV's Simulation Center and resources to learn and practice clinical skills, simulations, surgical lab fees, as well as expenses associated with standardized patient interactions.
- New Fee – UNLVSOM Medical School Student Administrative Fee: This \$950.00 annual fee covers a comprehensive wellness program which includes music, dance, art, massage and social events as well as instruction in techniques that have been demonstrated to reduce physician burnout and stress.

UNR

- Approval to make the \$50.00 Counseling Services fee mandatory for University of Nevada, Reno School of Medicine students located in Reno.
- New Fee - Wellness Programming: This \$25.00 annual fee will allow the University of Nevada, Reno School of Medicine to offer wellness programs for medical students as mandated by the LCME accrediting agency.
- No Fee Change – Change in institution name to University of Nevada, Reno School of Medicine: Student Administrative Fee, National BME Subject Exam Fee (Year 1), Visiting Student Elective Fee, Simulation Lab Fee (per year), Anatomy Lab Fee, Year 1 and Multidisciplinary Lab Fee, Year 2.

- Increase Technology Fee – Regular from \$4.00/credit to \$6.00/credit. The fee has not changed since it was implemented in Fall 2000.

CSN

- Increase Application Fee from \$10 to \$20. The fee increase will align with the increasing cost of resources necessary to process applications.
- New Fee – New Student: This \$20.00 fee will cover the cost of mandatory placement testing in Math, Reading and English.
- Increase Special Examination Fee (Pass-Through) from \$25-\$300 to \$25-\$350. The fee increase will accommodate the pass-through exam fee for one-semester Medic to LPN track (test cost is \$350).
- Increase Technology Fee – Regular from \$4.00/credit to \$5.00/credit. Approval of this increase will align with the increasing cost and need for software applications and hardware to support student experience and delivery.

TMCC

- Increase International Student Fee from \$50 to \$120 per semester. The fee has not changed in over a decade despite rising expenses associated with international students.
- New Fee – Student Association Fee/Undergraduate: This \$1.00/credit fee will provide the resources to fund activities, events, promotions and clubs.
- Increase Technology Fee – Regular from \$4.00/credit to \$5.00/credit. Demands for technology resources have increased dramatically in the past decade, while the Tech Fee has remained unchanged.

WNC

- Increase Technology Fee – Regular from \$4.00/credit to \$5.00/credit. This fee has not been adjusted since it was adopted over 10 years ago.

EXECUTIVE SUMMARY OF SPECIAL COURSE FEES

Special Course Fees

It is the policy of the Board of Regents that the registration fee be the only fee assessed for taking a course except as outlined in this section. The reasons for these exceptions are extraordinary instruction costs due to: (a) individual instruction (e.g., private music lessons), (b) class supplies, course-specific software, and specialized equipment (e.g., welding equipment and materials), (c) third party charges for use of a facility (e.g., golf), (d) special transportation requirements, or (e) extraordinary instructional costs (e.g., intensive supervision, support or additional technical expertise required for the delivery of the course), (f) some combination of these reasons. Responsibility for implementing this policy is delegated to the presidents up to a maximum of \$50.00 per course. Courses requiring fees higher than \$50.00 require Board of Regents approval and are as follows (institutions may charge up to the amount approved):

UNLV

B. INTERNATIONAL STUDENT FEE

The recruitment, admission and advising of international students represents a tremendous cost to the University of Nevada, Reno, and University of Nevada, Las Vegas. The logistical and administrative burdens of international students on the university are complex and expensive. Increased costs of international mailing, phone, facsimile, recruitment, specialized printing, translations and highly trained personnel forces the university to make difficult budgetary choices. These choices often leave international students short of receiving the proper levels of attention.

Because of the limited resources of the Admissions and International Student Office, the need for funding aimed directly at the international students is essential. These funds will be directly used to support programs pertaining to international students. Additionally, it is not proper to use funds dedicated to benefit university student as a whole, to support activities that benefit only international students.

International students will pay a semester International Student Fee. The revenue from this fee will be used to sustain enrollment functions in the Admissions, Graduate, and International Student offices, supporting only international students.

<u>Distribution of Revenue</u>	<u>Amount</u>
UNR	
Admissions Office	\$12.50 per student per semester
Graduate School	\$12.50 per student per semester
International Students and Scholars	<u>\$120.00 per student per semester</u>
	\$145.00 per student per semester
UNLV	
Admissions Office	\$12.50 per student per semester
Graduate School	\$12.50 per student per semester
International Students and Scholars	<u>\$120.00 per student per semester</u>
	\$145.00 per student per semester
CSN	\$50.00 per student per semester
TMCC	[\$50.00] 120.00 per student per semester

C. STUDENT LIFE FACILITIES FEE, UNLV

The following fee shall support the planning, construction, and operations of a new student recreation center and a renovation and expansion of the Moyer Student Union. All students have access to the Moyer Student Union. Students required to pay the fee will have full access to the recreation center; students taking three or fewer credits during fall or spring will be required to pay a user fee in order to use the Student Recreation Center; this fee will be 125% of the fee charged those student taking more than three credits.

Fall and Spring Semester

All students taking more than three credits will be charged the following fee per semester:

~~[Effective Fall Semester, 2006]~~

~~[\$173.00]~~

Section 12. Special Course Fees

It is the policy of the Board of Regents that the registration fee be the only fee assessed for taking a course except as outlined in this section. The reasons for these exceptions are extraordinary instruction costs due to: (a) individual instruction (e.g., private music lessons), (b) class supplies, course-specific software, and specialized equipment (e.g., welding equipment and materials), (c) third party charges for use of a facility (e.g., golf), (d) special transportation requirements, or (e) extraordinary instructional costs (e.g., intensive supervision, support or additional technical expertise required for the delivery of the course), (f) some combination of these reasons. Responsibility for implementing this policy is delegated to the presidents up to a maximum of \$50.00 per course. Courses requiring fees higher than \$50.00 require Board of Regents approval and are as follows (institutions may charge up to the amount approved):

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (eg: orientation, late registration, etc)	Fee Status - new, revised or continuing	Current Fee Amount	Proposed Fee Amount	Narrative/ Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNLV	Technology Fee-Regular	Technology Fee	revised	\$4.00	\$8.00	The current fee of \$4.00 per credit hour has not changed since it was initiated in 2000. UNLV has not been able to upgrade technical facilities to keep pace with changing technology because the current fee is not adequate to cover basic operating costs. The current Gross Revenue for 647,900 Credit Hours at the \$4.00/credit hour is \$2,591,600. Students have been, and will continue to be, involved in discussing the need for the increase in the fee. In 2000, UNLV had 7 technology classrooms and now we have 161 tech enhanced classrooms plus 54 computer teaching labs. In 2000, there was no IT Help Desk and now we have 365 days/year assistance. Since 2000, there is now the WebCampus system and much more demand for wireless. The Student Technology Fee pays for general operating expenses associated with computer labs, classrooms, course management system, and other general costs in support of technology for student facilities. New initiatives to be funded include, but not limited to: system-wide learning mgmt. system, wireless expansion, new media lab, assistive technology, 24/7 computer lab, virtual labs, print stations, collaborative IT lab spaces, and lecture capture.	28,000	Additional Funding; \$2,591,600
UNLV	EMHA Program Fee	Program Fee	new	\$ -	\$150.00	We intend to use these fees (\$150 per credit) to enhance the learning experience for the students via live seminars with leaders in the field. This is comparable to what other executive programs do, but at a significantly lower cost. While it is not a substantial increase in the scheme of things for the total cost of the program to students compared to what we currently charge, it does elevate the quality of the program that will be beneficial in attracting quality students into the program, not just from Nevada but from around the country. Current regular MHA students were involved in the planning process. Students liked the format for the proposed campus visits. At two speakers per on-campus meeting, 2 meetings a year, the cost estimate is \$10,000 per year. The program intends to use e-books for the courses which will be loaded onto electronic readers and anticipates purchasing electronic readers for each student and the texts, other articles, and software. The texts are estimated to be \$16,500 per year (e-textbooks \$150 per course for 11 courses at 10 students in cohort).	10	\$ 13,500
UNLV	Dental Application Fee	Application fee	revised	\$50.00	\$75.00	To keep in alignment with the application fees of comparable schools and in accordance with the match program that SDM belongs to, the school would like to now increase from \$50 to \$75. Expenses related to receiving and processing Dental School student applications.	1,900	\$ 142,500

University of Nevada, Reno	Technology Fee, Regular	Tech fee	Revised	\$4.00/credit	\$6.00/credit	The student technology fee has not changed since it was implemented in the fall of 2000. The growth of the UNR campus and the dependence on technology for all aspects of academic life has outpaced the ability of the current funding model to keep pace. Both the undergraduate and graduate student government bodies at UNR passed resolutions in support of this increase.	22,120	\$ 3,000,000.00
CSN	Application Fee	Application fee	revised	\$10.00	\$20.00	Application fee is being increased to align with the increasing cost of resources necessary to process applications.	13,000	\$260,000.00
CSN	New Student Fee	General student fee	new	\$ -	\$20.00	Requesting new fee primarily to cover the cost of mandatory placement testing in Math, Reading, and English.	13,000	\$260,000.00

TMCC	International Student Fee	Semester Fee	Revised	\$50.00	\$120.00	This fee has not changed in over a decade despite rising expenses associated with international students. This increase will be used to cover the costs associated with providing immigration assistance, advising, and recruitment of international students. It will also cover administrative costs related to international mail, phone, specialized printing and advertising.	150	\$18,000.00 (\$10,500.00 new revenue)
TMCC	Student Association Fee	Undergraduate/ Per Credit Fee	New	\$ -	\$1.00	Existing allocation of \$0.50 per credit to SGA from registration fees is inadequate to fund both operations and growing demand for activities and clubs. As the SGA has grown more active in recent years, it has been necessary to draw on reserves to cover annual costs. This Student Association Fee will provide the resources to fund activities, events, promotions, and clubs, while the existing SGA Fee will be appropriately used for operating expenses, including new positions to evenly disperse responsibilities, provide training opportunities, and cover travel expenses.	11,500	\$171,000.00
TMCC	Tech Fee	Credit Fee	Revised	\$4.00	\$5.00	Demands for technology resources have increased dramatically in the past decade, while the Tech Fee has remained unchanged. Approval of this increase will allow the college to make needed upgrades to network and media infrastructure, and hire staff dedicated to assisting students and deploying technology in the classroom.	11,500	\$855,000.00 (\$171,000.00 new revenue)

WNC	Technology Fee-Regular	Tech fee	revised	\$4.00	\$5.00	The WNC Technology fee has not been adjusted since it was adopted, which was over 10 years ago. During that time technology has continued to evolve in our classrooms as well as integrating the classroom with on-line instruction. Incorporating the latest technology into our classrooms continues to become more expensive. Approval of this increase will allow WNC to continue to incorporate cutting edge technology in all facets of our learning environment and provide our students with the tools they will need to be successful as they move on with their education or into their chosen career field.	5,500	\$70,000.00

UNLV	ART 135, Photography I	Student course fee	revised	\$50.00	\$100.00	\$19 Film developer; \$13 Paper developer; \$11 Stop bath; \$16 Fixer; \$12 Hypo Clear; \$8 Photo-Flow; \$14 Toners; \$7 Film cleaner. The reason to increase the course fees for this course is the spiraling cost of photographic chemicals used to process black and white film and paper. The lab fees for the black and white photography courses were raised in 1993 from \$25 to \$40 and once again from \$40 to \$50 ten years ago. The explosion of the digital age has pushed the prices higher and higher for photographic chemicals. The cost has been covered in the past years by the operating budget allowed to the Black and White Photography Area to the point of having very little to purchase equipment or pay for repairs. Our operating budget desperately needs to go for repair and replacement of equipment rather than supplying expendable materials to the students. A student survey was taken in April 2015 and emailed to 52 Art majors whose area of concentration is Photography. Of the students emailed 12 responded to raise the lab fees, there were 0 negative votes and 40 students did not respond.	76	\$7,600.00

Total cost to run Ceramics 1 (1 class) \$1,196.25, each student's share: \$99.68 Note: All materials are shared between students. The materials used to produce ceramic works are both unusual and expensive. Significant savings occurs when materials are purchased in bulk, and the prices reflected here are indicative of those bulk savings.	36	\$3,600.00

Student workers build demo boards, help maintain the labs, repair minor equipment problems, sort, clean, and generally help in areas of ever changing need. This allows us to save large amounts of money, which in turn keeps costs down, otherwise the need to outsource would be needed. Students were polled using a scale of 1-Strongly Disagree to 5-Strongly Agree on nine questions. The average value was 3.34, putting it closer to Neither Agree Nor Disagree.	176	\$17,600.00

CSN	CUL 110 Basic Cookery	Special Course Fee	revised	\$50.00	\$95.00	<p>In all culinary classes requiring the preparation of food, the cost for food procurement has outpaced the ability of the program to absorb those costs. Since the \$50 dollar fee was initially added to culinary classes, the cost of food has increased between 20% and 35% and projected to increase at least 2% per year. The increased costs will compound over time. The special fee was designed to initially cover about 40% of the food costs with the State contributing to the rest. A declining state budget makes increased contributions to the costs of these programs unlikely. The demand for culinary programs continues to remain high as recognition for its national prominence grows. In addition, the cost of new equipment and software continues to grow as new technology is integrated into the culinary program. CUL 110/125 were kept lower intentionally as they are prerequisites to all other CUL courses.</p>	307	\$13,815.00
