Report of Independent Accountants on Applying Agreed-Upon Procedures

Leonard Jessup, President
University of Nevada, Las Vegas

We have performed the procedures enumerated below, which were agreed to by the Nevada System of Higher Education, solely to assist the University of Nevada, Las Vegas (the “University”) Intercollegiate Athletics Department (the “Department”) in complying with NCAA Bylaw 3.2.4.16 for the year ended June 30, 2015. The University is responsible for the Statement of Revenues and Expenditures and associated notes (the “Statement”) and the Statement’s compliance with NCAA Bylaw 3.2.4.16. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the management of the University. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows.

If using the NCAA Compliance Assistant software, this equivalency value should already be calculated.

Capital assets are defined as assets with an initial unit cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are stated at cost at the date of acquisition or fair market value at date of donation in the case of gifts. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Capital assets are reported at the University level and not by department. Depreciation is computed on a straight-line basis over the following estimated useful lives:

Assets	Years of Useful Life
Buildings and improvements	6 to 40
