## **A. Internal Audit Department Charter**

### **Section 1. Nature**

The Internal Audit Department is established as an independent and objective assurance and consulting activity within the Nevada System of Higher Education (NSHE) for the review of operations as a service to management. It assists NSHE in accomplishing its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of the organizations risk management, control and governance processes.

(B/R 3/14)

### **Section 2. Objective and Scope**

The objective of internal auditing is to assist all levels of the NSHE management in the effective discharge of their responsibilities, by furnishing them with analyses, appraisals, recommendations and pertinent comments concerning the activities reviewed. The Internal Audit Department is concerned with any phase of activity where it can be of service to management. This involves going beyond the accounting and financial records to obtain a full understanding of the operations under review. The attainment of this overall objective involves such activities as:

1. Reviewing and appraising the soundness, adequacy, and efficient application of accounting, financial, and operational controls at executive and staff levels.
2. Ascertaining the extent of compliance with established policies, plans, and procedures.
3. Determining whether significant risks appropriately identified and managed.
4. Ascertaining the reliability of management data developed and reported within the NSHE.
5. Recommending appropriate improvements in internal accounting and operations where controls have been found to be malfunctioning, inefficient, or where controls should be instituted and none exist. Appraising the effectiveness of procedures, as modified, to ensure that deficiencies are satisfactorily resolved.
6. Recommending appropriate improvements to systems, processes and organizational structures to provide accurate, timely and reliable financial and operational information.
7. Fostering quality and continuous improvement in NSHE's risk management and control processes. Reporting the results of examinations in a timely manner and reviewing the timeliness of corrective actions.
8. Confirming information technology and data governance supports NSHE's strategies and objectives.
9. Ascertaining whether information security practices adequately safeguard NSHE data assets and comply with applicable policies and regulations.

10. Designing, installing, and operating systems are not audit functions; however, the internal auditor's objectivity is not adversely affected when the auditor recommends standards of control for systems or reviews procedures before they are implemented.  
(B/R 12/14)

### **Section 3. Authority and Responsibility**

The internal audit activity is established by the Board of Regents. The internal audit activity's responsibilities are defined by the Board as part of its oversight role. The Internal Audit Department is provided with authority for full access to all of the NSHE records, properties, and personnel relevant to the subject of review. The Department is free to review and appraise policies, plans, procedures, and records.

The responsibilities of the Department are as follows:

1. Develop a sophisticated internal audit program that will include evaluation of the effectiveness of financial and related operational controls and review of compliance by NSHE personnel with NSHE policies and procedures.
2. Maintain the capacity to:
  - a. Perform audits to independently assess governance, risk management and control processes throughout NSHE.
  - b. Provide consulting services, with the mutual agreement of the "client", to improve NSHE governance, risk management and control processes.
  - c. Investigate, as necessary, allegations of improper activities including fraud, misuse of university resources, and unethical behavior or actions.
3. Periodically measure and continually improve the efficiency of internal audit activity by means of a quality control program, effective use of technology, and proactive performance management. Institute appropriate budgetary and cost control over the auditing program.
4. Institute controls to ensure that audit findings have been reviewed with the management responsible for operations of the functions examined; see that findings are presented to management at various levels so as to motivate corrective actions; and arrange for the development of appropriate comments and recommendations for inclusion in periodic condensed reports to be presented to the Board of Regents' Audit Committee.
5. Make available to the independent public accountants working papers, copies of audit reports, and pertinent analyses to aid them in determining the scope of their examination. Inform the independent public accountants and other outside audit agencies of the internal audit schedule to avoid duplication of effort and to maximize the benefits of the total investment in audit activities.
6. Maintain a staff with the skills, experience and professional certifications to meet the Department's scope of responsibilities and aligned with NSHE's risks.

7. Recommend changes to policy or required practices to sustain an effective balance between the magnitude of risk, the materiality of failed control, and the cost of compliance.
8. The internal audit activity will govern itself by adherence to appropriate internal auditing standards including, but not limited to, The Institute of Internal Auditors' mandatory guidance including the Definition of Internal Auditing, the Code of Ethics, and the Internal Standards for the Professional Practice of Internal Auditing (Standards).
9. Coordinate all activities of the Department with others so as to best achieve the audit objectives and the objectives of the NSHE, including spreading adoption of effective practices.

In performing its functions, the Internal Audit Department has neither direct responsibility for, nor authority over, any of the activities that are reviewed. Therefore, the review and appraisal activity does not in any way relieve other persons in the organization of the responsibilities assigned to them.

(B/R 12/14)

#### **Section 4. Independence**

In order to maintain independence from the System Administration and maximize public accountability, the chief internal auditor reports to the Audit Committee of the Board of Regents for primary oversight and general direction. The chief internal auditor also has a secondary reporting relationship to the vice chancellor for budget and finance for day-to-day supervision, technical direction, and personal performance evaluation. In order to maintain objectivity, the Internal Audit Department will not undertake to develop and install procedures, prepare records, or engage in any other activity that it would normally review and appraise, and that could reasonably be construed to compromise its independence. Objectivity shall not be adversely affected by the recommendation of the standards of control to be applied in the development of systems and procedures under review.

(B/R 3/14)

#### **Section 5. Audit Requests**

The chief internal auditor may determine during the year that an unscheduled audit should be performed. The chief internal auditor will inform the Audit Committee chair of special audits.

If the chief internal auditor is in agreement that the audit should be performed, the audit will be added to the audit schedule. If the chief internal auditor is not in agreement that the audit should be performed, the Audit Committee chair may place the item on the next Audit Committee agenda for review and action by the Audit Committee.

Any member of the Board of Regents may request that the Audit Committee chair place a request for an audit on the Audit Committee agenda. The chief internal auditor will make a recommendation to the Audit Committee regarding the audit request.

The policy of the Audit Committee is to only perform special audits based on specific factual information and assessment of risk that would justify an audit.

(B/R 3/14)

**Section 6. Internal Audit Plan**

Annually, the chief internal auditor will submit to the chancellor and the Board an internal audit plan for review and approval. Any significant deviation from the approved plan will be communicated to senior management and the Audit Committee.

### 3. Self-Supporting Budget Review

All self-supporting budgets exceeding \$25,000 of projected annual expenditure activity will be included in the annual budget process. Fund transfers will not be included in determining whether a self-supporting budget meets the \$25,000 threshold for inclusion in the annual budget process. Excluded from this requirement are grants and contracts and plant, loan, endowment and scholarship funds.

Approval should be only under the most unusual conditions.
