5. Pre-arranged donor restrictions may dictate a change in institutional procedures.
6. All scholarships and awards must be coordinated through the Financial Aid Office in accordance with federal regulations.
7. The institution may make exceptions to the provisions of this section for students with documented disabilities.

8. Exceptions to the provisions of this section may be made with approval of the President or the President's designee. An institution may establish an appeals process for those students who wish to appeal general and college/departmental award decisions.

(B/R 3/68)

#### **Section 6. Student Employment**

1. The NSHE policy in regard to student employment on campus is that all part-time hourly-rate positions on campus paid from the Wages Account will be listed with and filled as vacancies occur through the Student Employment Service, with the ultimate goal of employing a qualified student in each such position. It has been found that students enrolled at NSHE institutions represent a comprehensive range of special skills and training. If a specific student is desired to fill a listed position, the employing official need only request that the student be referred after proper clearance. Otherwise, qualified students will be referred to the employing office until the position has been filled.
2. Minimum qualifications vary from one institution to another. Students should contact the student employment office at the appropriate institution for the rules governing student employment.

(B/R 3/88)

## **Section 7. Regents' Service Program**

1. The Regents' Service Program is established by the Board of Regents so that NSHE students can make a contribution to the critical needs of the community. Work opportunities for currently enrolled students shall be service-oriented and reflect a high level of skill or knowledge. Priority will be given to literacy and P-16 programs.
2. Each institution shall have the flexibility to design work, stipend, scholarship, or graduate support programs that meet the needs of students in accordance with the guidelines established for student access.
3. Annually, the System Office will prepare a report for presentation to the Board concerning program outcomes, number of students served, dollars expended, and other information as deemed appropriate.
4. Eligibility criteria and guidelines for the administration of the program shall be developed by the Chancellor.

(B/R 8/06)

## **Section 8. Use of Student Access Funds**

In order to improve the access of all students and to encourage participation in higher education, an amount equal to at least 10 percent of the total registration fee at the community colleges (lower-division only) and at least 15 percent of the total registration fee for all other institutions including upper-division at the community colleges, net the amounts distributed to other fee categories, will be dedicated to student financial aid. These percentages are target amounts that must be achieved by academic year 2022-23. For the purposes of this section, "Student Access Funds" means budgeted dollars intended for student financial aid, including allocations for such funds from state appropriations and funds generated from registration fees. The guidelines for the use of Student Access Funds are as follows:

1. One-hundred percent (100%) of Student Access Funds will be used for financial assistance for students. Except for the Regents' Service Program, funds will not be used for administrative or any other purposes, unless specifically authorized by Board policy. The portion derived from undergraduate student enrollments will be dedicated to undergraduate financial assistance. The portion derived from graduate student enrollments will be dedicated to graduate financial assistance; however this shall not include the funding of base salaries for graduate assistantships.
2. At least 80% of state-funded Student Access Funds for each institution each academic year will go to need-based programs, for both undergraduate and graduate students. Student eligibility for state-funded Student Access funds is limited to 150 percent of the published credits required for a program in accordance with Title IV Federal Student Aid guidelines governing satisfactory academic progress. Institutions shall establish an appeals process pursuant to Title IV Federal Student Aid guidelines.
3. The remainder of the state-funded Student Access Funds (not to exceed 20%) for each institution each academic year will go to other "access-oriented" financial assistance, including but not limited to scholarships, non-need based grants and work study programs, for both undergraduate and graduate students.

4. For fee-generated Student Access Funds, at least 80% of undergraduate funds and at least 50% of graduate funds for each institution each academic year will go to need-based programs. Student eligibility for fee-generated Student Access funds is limited to 150 percent of the published credits required for a program in accordance with Title IV Federal Student Aid guidelines governing satisfactory academic progress. Institutions shall establish an appeals process pursuant to Title IV Federal Student Aid guidelines.
  5. The remainder of the fee-generated Student Access Funds (not to exceed 20% for undergraduate and 50% for graduate students) for each institution each academic year will go to other “access-oriented” financial assistance, including but not limited to scholarships, non-need based grants and work study programs.
  6. The institution shall report each year, information on how fee-generated and state-supported Student Access Funds were utilized, including such information as defined by the Vice Chancellor for Academic and Student Affairs that may be utilized to evaluate student success. This information will be included in the annual NSHE Financial Aid Report.
  7. Nothing in this section precludes an institution from allocating additional funds for general scholarship purposes. Any such additional allocations are not subject to the student access distribution established in this section.
  8. Awards granted to students using Student Access Funds shall be named the “Regents’ Higher Education Opportunity Award.”

9.0 The State of Nevada established the Governor Guinn Millennium Scholarship in order to increase the number of Nevada students who perform well in high school and then enroll in, and graduate from an *eligible institution* of higher education in Nevada.

An eligible institution is an institution at which a qualified student may receive a Millennium Scholarship. Eligible institutions are:

- a. A university, state college or community college of the NSHE (NSHE); or
- b. Any other nonsectarian institution of higher education in Nevada that,
  - 1. Was originally established in, and is organized under the laws of the state,

To receive a Millennium Scholarship, a student must meet the requirements of this Millennium Scholarship policy and enroll in an eligible institution. The admission requirements of eligible institutions may be different from the requirements for the Millennium Scholarship. The receipt of a Millennium Scholarship does not guarantee admission to all eligible institutions, nor does it guarantee admission to all programs at eligible institutions. The NSHE recommends that students who plan to attend the University of Nevada, Las Vegas, or the University of Nevada, Reno, seek an advanced high school diploma and check with the institution for information on admission requirements.

## 9.1 Eligibility requirements for Nevada high school graduates.

**Section 10. Silver State Opportunity Grant Program**

The 2015 Nevada Legislature created the Silver State Opportunity Grant Program under Senate Bill 227 (Chapter 387, *Statutes of Nevada 2015*) for the purpose of awarding need-based grants to eligible low-income students who are college-ready in order to pay for a portion of the cost of education at a community college or state college within the Nevada System of Higher Education. The Chancellor is directed to establish procedures and guidelines to comply with the requirements of the Silver State Opportunity Grant Program pursuant to Nevada Revised Statutes 396.950-396.960. The Chancellor will report to the Board such steps that have been taken to implement the program.
