2. **DISCUSSION WITH BOARD CHAIR JASON GEDDES**

   - Mr. Cuffe asked the chair about International Student Fee.
     - The Chair informed the group that the International Student Fee is a contract with the Colleges.

   - Ms. Bywaters asked the Chair since the only way the institution could raise funds was through raising tuitions, if there were any assurances that the students would be protected.
     - Chair Geddes responded that the thirteen members of the Board would be the ones responsible to provide those assurances.

   - Ms. Bywaters asked a follow up question about the chances of the budget being approved as it stands.
o Chair Geddes responded that the chances are pretty good that the budget will be approved as it stands and that historically the budget is approved within 5% of the one that is presented to the legislators.

- Ms. Lujan asked the chair about special fees.
  o Chair Geddes informed the group that all fees have to be detailed and in the budget before approval.
  o Chancellor Klaich added that the size of the fee makes a difference and smaller fees don't need board approval.

- Mr. Cuffe asked Chair Geddes about the Governor and mitigation of funds.
  o Chair Geddes informed the group that there is an upcoming $13.2 million reduction for Community Colleges and the board is are working with Governor to mitigate and phase the reduction.

- Mr. Porter asked the chair about the chances of the budget passing the legislature given the mitigation and phasing suggested by the board.
  o Chair Geddes informed the group that the board has submitted a flat budget and will submit the formula to the governor but it will be up to the legislature after that point.
  o Chancellor Klaich added that he feels that there's significant momentum behind the formula. He further added that he feels that the governor is a strong proponent of higher education in rural Nevada and will not destroy it.
  o Chair Geddes added that the governor's chief of staff was on the committee and legislators supported it so it has a good chance for approval.
  o Chancellor Klaich added that ultimately, it depends on the legislators.

- Mr. Blackwell commented that seems like we are in a good spot as far as policy is concerned.
  o Chair Geddes said that he agreed and echoed that sentiment.
  o Mr. Page - This has been a 9 month process and Mr. Klaich and his staff are responsible for the current good place of the Board.
  o Chancellor Klaich added that the ultimate idea of the formula is to get the money into the classroom where it's needed.

- Mr. Cuffe asked how definite is it that Knowledge fund will be funded.
  o Chair Geddes said that 99% sure that the knowledge fund will be funded, don't know how much but it will be funded. It's a priority of the board.
