The Nevada System of Higher Education (NSHE) invites applications and nominations for the position of **Senior PeopleSoft Developer**. This is a renewable, full-time, non-tenured, administrative position and reports to the Assistant Director, Information and Application Services. The position will be located at the System Computing Services (SCS) Data Center in either Reno or Las Vegas, NV. The NSHE is comprised of eight institutions: two universities, a state college, four community colleges, and a research institute. The public system of higher education in Nevada serves over 100,000 students statewide.

The Nevada System of Higher Education (NSHE) System Computing Services (SCS) provides application support for the Oracle PeopleSoft Campus Solutions, Portal and Business Intelligence applications for the Shared Instance institutions. The Shared Instance institutions consist of the College of Southern Nevada (CSN), Great Basin College (GBC), Nevada State College (NSC), Truckee Meadows Community College (TMCC) and Western Nevada College (WNC).

PeopleSoft Developers are integral members of the Shared Instance support team and are responsible for the development, support and maintenance of PeopleSoft software applications provided by System Computing Services to the Shared Instance institutions. SCS applications support the business functions of the NSHE campuses. The Senior PeopleSoft Developer performs these duties under the supervision of the Assistant Director, Information and Application Services. The Senior PeopleSoft Developer performs these duties with minimal supervision. Non-standard work hours, travel, and 24/7 on-call support responsibilities are required to perform assigned duties.

**PAY GRADE:** 6

**APPROXIMATE STARTING DATE:** June 1, 2015

**MINIMUM QUALIFICATIONS:** The successful candidate must have at least three years of experience in PeopleSoft’s enterprise applications, such as Campus Solutions, and an earned Bachelor’s degree from an accredited institution. A degree in Information Systems or a related field is preferred. Alternatively, ten or more years of direct experience in PeopleSoft enterprise applications and/or supervisory experience in a large corporation or university with at least two years of formal education or training in a related field may be substituted for a Bachelor’s Degree.

Preference may be given to candidates with specific technical expertise as it relates to Oracle’s PeopleSoft Campus Solutions 9.0, PeopleTools 8.53 and PeopleSoft Portal 9.1.

**KNOWLEDGE, SKILLS, AND ABILITIES:** Successful candidates must possess the following knowledge, skills and abilities. Applicants must address each of the following in their letter of application when applying for this position.

- Excellence in the following is required: Analysis and problem solving skills, creativity, verbal and written communication skills, tact, interpersonal skills, ability to function on a team, ability to understand the technical aspects of the information technology services industry
- Experience in relational database application development and knowledge of object oriented programming principles
- Experience with Web Services Description Language (WSDL)
- Experience with XML, HTML and HTTP methods
- Experience with SQL
Experience developing and maintaining complex ERP applications; e.g. PeopleSoft Campus Solutions;
Experience applying maintenance bundles, critical patches, and service levels for PeopleSoft applications and tools
Experience with PeopleSoft’s Application Designer, and Data Mover
An understanding of technical architecture design, Integration Broker architecture, and best practices for PeopleSoft
Ability to follow established processes and procedures
Ability and interest to learn new techniques, tools and methodologies as they relate to PeopleSoft administration

RESPONSIBILITIES: The duties of this position will include, but not be limited to, the following areas of responsibility within System Support Services:

• Design, develop, test, support, document and implement new functionality and user requested modifications for PeopleSoft Campus Solutions and Portal applications
• Update existing reports and functionality
• Analyze and define solutions to client reported problems. Implement a solution through coding, documentation and testing
• Train users and other appropriate individuals on the use of the applications/functions developed
• Communicate with SCS colleagues and with campus customers throughout the processes of designing, developing and maintaining applications

TO APPLY: The application process will be handled through the Consensus on-line search process. Application materials must include a current resume, detailed cover letter, and names, addresses, and telephone numbers of four professional references willing to be contacted. Applicants should fully describe qualifications and experience, since the initial review will serve to evaluate applicants based on documented, relevant qualifications and professional work experience. The review of materials will begin immediately. Materials should be addressed to Lori Mandracchio, Search Coordinator, and are to be submitted via on-line application at https://hrsearch.nevada.edu/. For assistance with NSHE’s on-line applicant portal, contact Lori Mandracchio at (702) 889-8426 or lori_mandracchio@nshe.nevada.edu.

Application Deadline: Applications may be submitted until the position is filled; however, to ensure full consideration, applications should be submitted by April 21, 2015.
