Specifically, the proposed revision asserts the NSHE’s commitment to working with the secondary education community to help prepare students for post-secondary education and the workforce, including providing opportunities for earning college-level credit while in high school. The revisions broaden existing authority so that institutions may offer programs and courses, including distance education courses, to high school students at a reduced registration fee that still covers the costs of the course or program. Based on the nature of the offense and risk level of the registered offender, the policy authorizes institutions to deny admission, revoke admission, limit enrollment and/or restrict the activities of a student, employee or other individuals on the campus who are registered offenders. The policy also requires each president to develop procedures governing these activities and requires registered offenders to self-identify to the institution. Related policy revisions are included under Title 4, Chapter 1, Section 12, to require presidents to designate institutional representatives to coordinate with law enforcement agencies. Finally, the revisions delete related provisions under Chapter 4, Section 12 of the *Procedures and Guidelines Manual*, which are now outdated. (*Ref. ARSA-13*)
